

SOME SATISFACTION

"ONE PRICE TO ALL" is now and has always been the policy of this store—the one thing above all others that has won and keeps winning this store an increasing host of friends.

Isn't it "some satisfaction" to feel you are buying goods just as cheap as your neighbor—that you can send your little child to this store with the assurance that she gets just as good prices and as good attention as though you yourself came in person?

We are not satisfied with merely winning your patronage by the sheer force of values and qualities. We want your good will as well; we want you to come here because you prefer to trade here—because you consider this store your store and in no other place can you be served quite as well.

Remember with us it is not "how cheap," but "how good" always.

Hooton is the man who hit upon the plan of placing his delicious Milk-Chocolate upon the market in small, dainty form.

Hooton's Chocolate for Eating is a pure, delicious Milk-Chocolate confection made in dainty saucer-shaped pieces and selling at four ounces for ten cents.

Hooton's Chocolate for Drinking is identical with Hooton's Chocolate for Eating. You simply drop a couple of those dainty saucer-shaped pieces in a cup, pour in the water and you have a delicious cup of Chocolate, all sweetened and with no inconvenience in the getting. Handy for your rooms.

Use Hooton's Chocolate for layer cakes, frostings and icings. It's the best and saves sweetening.

Get Hooton's, the dainty, saucer-shaped Milk Chocolate. Four ounces for ten cents. Sixteen ounces for thirty-five cents.
